Preliminary Comments

The Chairman:

A. Introduced and welcomed Col. Anthony Gallo, as the new Army member; Lt. Col. Fred Riccardi as the new OSAF alternate; and [] as the new Chairman of the Personnel Security Subcommittee. [] 25X1

B. Advised that the DCI had taken a strong interest in unauthorized disclosures matters. In support of Mr. Casey, he had:

(1) Provided the DCI a talking paper on the leak problem for use at the July meeting of the PFIAB.

(2) Prepared a proposed presentation on leaks for Mr. Casey to give to the Oversight Committees.

(3) Worked with [] in preparing a comprehensive assessment of the leak problem and steps to control it for use by the DCI. 25X1

(4) Sent SECOM members a request for examples at the unclassified level of damage caused by leaks of classified intelligence. This was done at the request of the DCI. [] noted that he had raised this item at the May meeting. Responses then were that examples could not be provided at that level. He said Mr. Casey seems convinced that he needs a few such examples to use in public to build support for strong actions against leaking. [] asked for member support in this regard. 25X1
